

ANALYSIS OF FEEDBACK

Feedback from Stakeholders (Students, Parents, Alumni, Industry) 2018-19

1. Emphasis has been on the skill development of the students. Soft skill development programs & courses to be included in the curriculum.
2. The use of competition, internet is to be increased to at par with international teaching-learning standards.
3. Many have praised the research output of the college and suggested to go for patents.
4. Availability of more computers with internet facility, especially to Arts students. More number of books in the library.
5. Placement cell to be more active, more campus initiatives be conducted. Industry MOUs to be strengthened.
6. Constructing indoor stadium for students.
7. Laboratories need to enriched with new & sophisticate equipments.
8. Collaborative programs with other institution and industry need to be maintained.

Opinion of various stakeholders on overall performance of college on all aspects
